

Application for Non-Scored VCE Units

While the College encourages all students to undertake external assessments for their VCE Units, there are circumstances in which a non-scored VCE would be considered.

Please note that any student who is approved to complete a non-scored VCE certificate will not receive a VCE ATAR score, and therefore would not qualify for tertiary educational application. Whilst they will not be required to undertake external assessment, they must still fulfil all unit requirements, including all school-based assessments (SACs).

An application for a non-scored VCE requires a recommendation from either the Careers Coordinator or Learning Support Coordinator.
